

Roads Report ... Monument Manor

May 18, 2022 at 1:46 PM

Dear Neighbor,

We hope you have noticed the recent improvements to our neighborhood roads! Volunteer road work parties in April replaced old speed limit signs and installed new ones on roads that had not had them before. It was a fun community event that will help make our neighborhood a little bit safer for people and wildlife. Click here for photos: <https://www.monumentmanorneighborhood.com/2022signinstallationrecap>.

Early this month, tractor operator/contractor, Sean Molina, under the direction of Geary Hund, our Roads Director, made repairs throughout the Manor, including filling in some deep ruts and building up the roadbed to improve drainage and reduce future erosion. One area we concentrated on was Turtle Road. Also, a first-time improvement was made on Uphill Road— rock lined drainage swales were installed on either side of one of the rolling dips (elevated areas of the road) designed to slow runoff and erosion and to limit the buildup of sand downstream. This is a pilot project to determine if the swales will reduce erosion on the sides of the rolling dips during storm events. Click here for photos: <https://www.monumentmanorneighborhood.com/2022-road-work-recap>.

Our goal is to keep the roads in good condition and to make improvements to reduce future damage caused by storms. None of this work would have been possible without your generous donations. Thank you!

If you have not contributed, you can still do so through our neighborhood website: <https://www.monumentmanorneighborhood.com/>. Just click on the Pay-Pal yellow button.

If you prefer to write a check, make it out to Monument Manor Neighborhood Association (or simply MMNA). Send it with your current contact information (Name, property address, mailing address, email, telephone number) to us at: Monument Manor Neighborhood Association, PO Box 892, Joshua Tree, CA 92252.

Stay tuned for news of future events and neighborhood activities!
